Community!

By

joining the IMIM Community you'll be able to post comments on the site, keep up to date about Plunkett through our newsletter (which will only be sent every now and again, we won't spam your inbox!) and receive previews of any new releases, unreleased tracks or whatever else comes to mind for us to offer you in the future. 'So come.. join us!'

Any personal information we receive will remain strictly in our hands and only serves for us to get a clearer idea of who and where interested parties are and thus promote ourselves more effectively. It will also stop us receiving endless spam messages on the guest book or for our contact form.
